# Creavit's Design Philosophy

**Creavit's young and dynamic Design Team creates elegant, functional, and award-winning products, entering millions of homes worldwide.**

Creavit believes in the power of unique and exciting designs tailored to customer needs and employs a young and dynamic team to create many iconic products for bathrooms around the world. We demonstrate our dedication to design by collaborating with national and international figures who have built a compelling personal brand over the years, which helped us develop many products with award-winning designs.

## Creavit Design Team

The Creavit Design Team demonstrates the vision of Turkish designers by pioneering global bathroom fashion with its signature creations: the Free pan that found its way to hundreds of thousands of bathrooms around the world, the Spiral Washbasin inspired by the flawless design of nature, the 5-millimeter extra slender Ultra and Loop Washbasin, and the Design Award holder children's bathroom Ducky.

To transform premium and elegant designs into functional bathrooms that serve needs, Creavit works with these famous designers:

## Maurizio Duranti

He was born in Florence, Italy, in 1949. He currently lives in Milan and teaches at the University of Genoa Faculty of Architecture and Istituto Europeo di Design (IED). Duranti designed the Slim series for Creavit.

He presented many personal exhibitions and won numerous certificates of achievement from "The Good Design Awards" in the United States in 1996, 1997, 1998, 2003, and 2005.

His works are currently exhibited in popular museums all around the world.

## Seda Palanduz

Seda Palanduz, the designer of the Bevel faucet series for Creavit, graduated summa cum laude from the Yeditepe University Industrial Design Department. She has won over 10 prestigious national and international awards, including the prestigious Design Türkiye Good Design Award, Plus X Design Award, and the A' Design Platinum Design Award.

With her Bevel design, elegance is now within everyone's reach.

## Defne Koz

The world-renowned Turkish designer Defne Koz is the co-founder and partner of Koz Susani Design, an innovative and award-winning studio in Chicago, United States.

She designed the Foglia series for Creavit by combining inspiration from nature with Creavit's philosophy, bringing a breath of fresh air to bathrooms.

Designed by Defne Koz for Creavit, the Foglia series won the BigSEE Product Design Award 2019, the IDA Design Awards 2019 Honorable Mention, and the Silver Award at the A' Design Awards 2019 in the categories of Bathroom Furniture and Sanitary Ware Products.

Defne Koz has also won many other international awards.

# Color Freedom at Bathrooms **Free Series**

## **More Colors More Models**

Anthracite, cappuccino, basalt and black toilet bowls in the Free series bring a breath of fresh air to the bathroom decoration.

Free that offering a model alternative in the pan; it meets the needs of each bathroom with wall hung, wall-mounted and reservoir type toilets.

## Superior Hygiene with Free Rim-Off Pan

Free Rim-Off pan, which eliminates the possibility of sheltering bacteria in invisible areas thanks to its rimless inner structure, also provides convenience and savings during cleaning.

## Integrated Simplicity and Convenience

Free integrated bidet nozzle pan eliminates the appearance of faucets and pipes on the bathroom wall. In addition to a stylish appearance in the bathroom, the control over the closet provides comfortable use. Moreover, hot and cold water can be adjusted.

## Colors

With its wide family of toilet bowls and bidets in different models and colors, Free meets bathrooms with comfort, aesthetics and hygiene.

## Holistic Approach To Design

With the Free series, the whole bathroom can be decorated. The free set top washbasin perfectly complements the elegance of the series.

## Creavit FLUSHING TECHNOLOGIES

### Vortex

#### Flushing Technology

Developed by the Creavit R&D/Design team, this state-of-the-art system cleans the toilet deeply and without splashing using the circular motion of water. The system creates a strong water circulation within the toilet, providing an exceptional and silent cleaning experience from start to finish. It also ensures an easy cleaning process and water savings.

### Rim-off Pan

The rim-off toilet, with its rimless design, facilitates easy cleaning in the bathroom while preventing bacterial buildup for a healthy experience. This solution provides savings during cleaning and creates maximum hygiene by preventing dirt accumulation.

### Traditional Pan with Rim

Channel toilets ensure even distribution of water, effectively cleaning the entire surface. This system provides comprehensive flushing by reaching every corner of the toilet.

Spiral Monoblock Washbasin - with Faucet Hole

Weight: Washbasin 36,68 kg

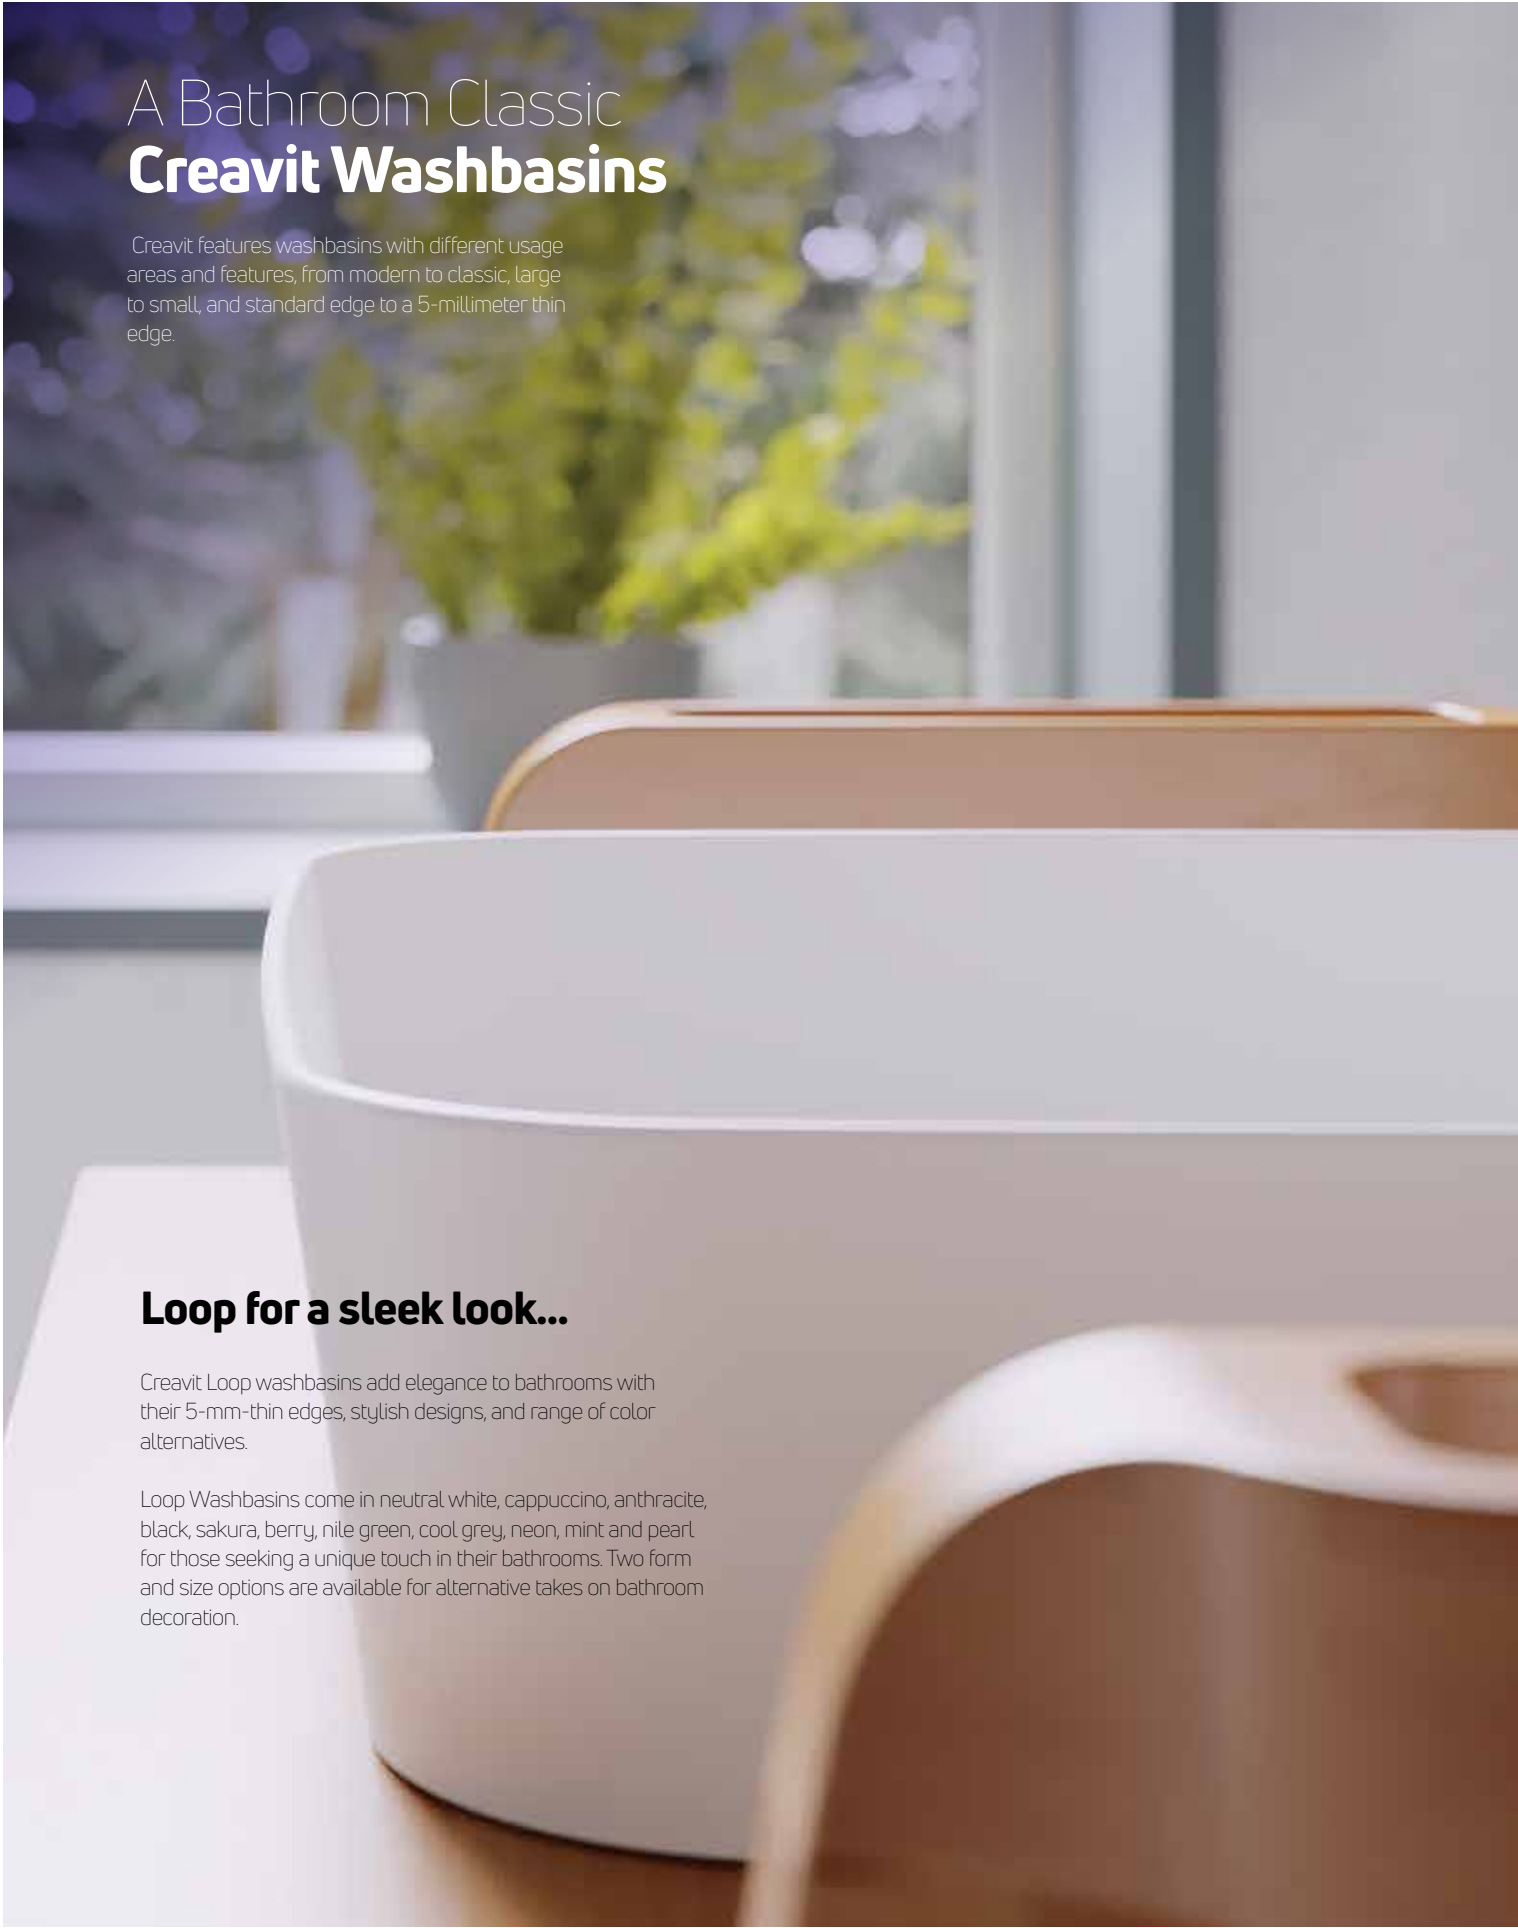

SR900/D720

## A new perspective on the washbasin

Spiral washbasin rising from the ground as a monoblock design adds a new atmosphere to the bathrooms with its aesthetic lines and durable structure.

## A Bathroom Classic **Creavit Washbasins**

Creavit features washbasins with different usage areas and features, from modern to classic, large to small, and standard edge to a 5-millimeter thin edge.

### **Loop for a sleek look...**

Creavit Loop washbasins add elegance to bathrooms with their 5-mm-thin edges, stylish designs, and range of color alternatives.

Loop Washbasins come in neutral white, cappuccino, anthracite, black, sakura, berry, Nile green, cool grey, neon, mint and pearl for those seeking a unique touch in their bathrooms. Two form and size options are available for alternative takes on bathroom decoration.

## VOLGA: The New and Thin Form of Next Washbasins

The Creavit Design Team reinterpreted the Next Series Washbasins to create VOLGA, only 5 millimeters on all edges. VOLGA models come in square and rectangle forms for those opting for straight lines and corners in bathroom designs.

# Touch free, **Control Panels with Sensor**

It provides maximum hygiene and practicality with its electric and battery model alternatives in all bathrooms.

## **3 Uses in One**

Creavit Photocell Control Panels offer three uses in one. While the photocell provides ultra hygiene, the touch sensitive technology offers comfort. Besides, the mechanical device ensures constant hygiene even when the battery needs replacing.

**STEP  
BY STEP  
EASY INSTALLATION**

CAUTION: Finally, connect the white coloured power cable to its corresponding slot on the photocell control panel.

## Slope Washbasin Faucet

The Slope washbasin faucet is designed by Creavit to provide the perfect quality of water, thanks to its curved structure.

### Quick-remove aerator

The Slope washbasin faucet features an aerator that can be easily removed for cleaning using a single coin. It prevents clogging in the aerator caused by hard water.

### Life-enhancing curve

Due to its curved structure, the tip is positioned level with the water outlet. This helps maximize efficiency from washbasins and flowing water during use.
